Appeal No. 2009-006496  
Application No. 10/669,119

Response to Request to Consolidate Appeals

On June 11, 2009, appellant filed a "Request to Consolidate Appeals" identifying two pending appeals that appellant states deal with substantially the same issue of law. Appellant requests that appeal no. 2009-6496, involving reissue application no. 10/669,119 be consolidated with Appeal No. 2009-7162, involving reissue application no. 11/503,541, or at least that the same panel of judges decides both appeals. An oral hearing before a merits panel of the Board of Patent Appeals and Interferences has been set for July 8, 2009, for Appeal No. 2009-7162, involving reissue application no. 11/503,541.

The Request to Consolidate Appeals will be given due consideration, taken in conjunction with balancing the needs and efficiencies of the Board of Appeals and Interferences. It is appreciated that in each appeal brief, appellant identified the other reissue application in the "Related appeals and interferences" section of the brief, so that the Board is aware of the related appeals cases.
